COMPUTER AIDED DESIGN ASSISTANT REQUIRED

Warcradle Studios are looking to recruit a Design Assistant to work in our head office located just outside of Southend in Essex.

To succeed in this position, you will need to be proactive with strong Computer Aided Design skills and a keen eye. Responsibilities will be focused on 3D modelling with an understanding of what makes a design production ready. Projects you will be involved with include designing inspiring and exciting scale buildings and structures for manufacture and retail.

Salary is £17,000 for a full-time position.

You will be rewarded with 28 days per year holiday, a wide range of staff perks such as great discounts as well as significant promotion opportunities for the right individual.

In addition to that package, this full-time position offers the opportunity to be part of a growing and creative games studio with exposure to not only the industry but also to other aspects of the development process as part of that team.

If, after reading the Requirements and Ideal Candidate details overleaf, you feel you would be suitable for this role please email us your CV along with a brief outline of what you would bring to the role to: jobs@waylandgames.co.uk

Please provide an up to date portfolio with examples of your best work. This is a required part of the application process.
