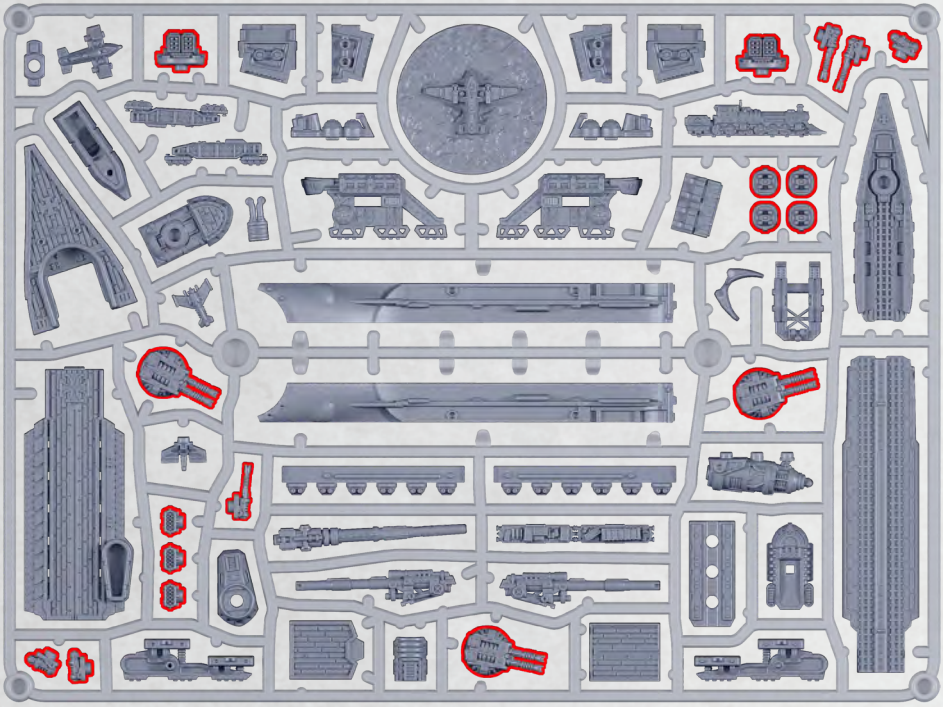
DWA0057 – IMPERIUM FRONTLINE SQUADRONS HARDPOINTS

IMPORTANT

NOTE: SOME MODELS MAY REQUIRE **MORE THAN ONE SPRUE** TO COMPLETE A BUILD.



The **OUTLINED PARTS** indicated above are **optional hardpoints** used across multiple builds. The instructions overleaf will indicate Heavy (H) or Light (L) hardpoint options. Consult the **TOOLS OF WAR** section under this faction's ORBAT for details on these weapons and **UNIT PROFILES** for each model's options *(ORBAT's can be found at dystopianwars.com)*.

It is recommended these turrets are not glued in place, so they can be switched out between games. Additional hardpoint options can be found on other sprues contained within the set, consult the **ORBAT** for specific ship's options.

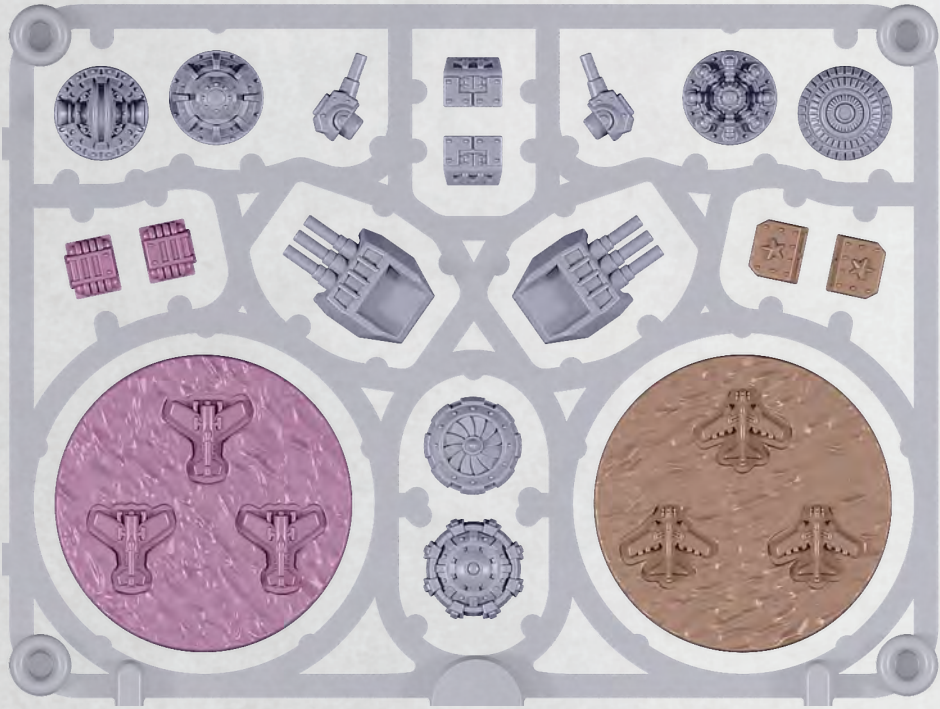
DWA0061 - IMPERIUM & COMMONWEALTH ADD-ON SPRUE

IMPORTANT

NOTE: SOME MODELS MAY REQUIRE **MORE THAN ONE SPRUE** TO COMPLETE A BUILD.



Above is the Add-On Sprue for **Imperium** and **Commonwealth** factions. These are added to sets to give extra turret and generator options.

Indicated in **Purple** are the **Imperium** specific parts, in **brown** the **Commonwealth** parts and the remaining parts are universal for all factions.

Assembly instructions will include **heavy** (H) and **light** (L) icons to indicate positions of **hardpoint** options. When presented with these icons consult the specific faction's **ORBAT** for information on **WEAPONS** and the **UNIT PROFILES** for specific model's weaponry *(ORBAT's can be found at dystopianwars.com)*.

It is recommended these turrets are not glued in place, so they can be switched out between games.
