

# ENLIGHTENED FRONTLINE SQUADRONS

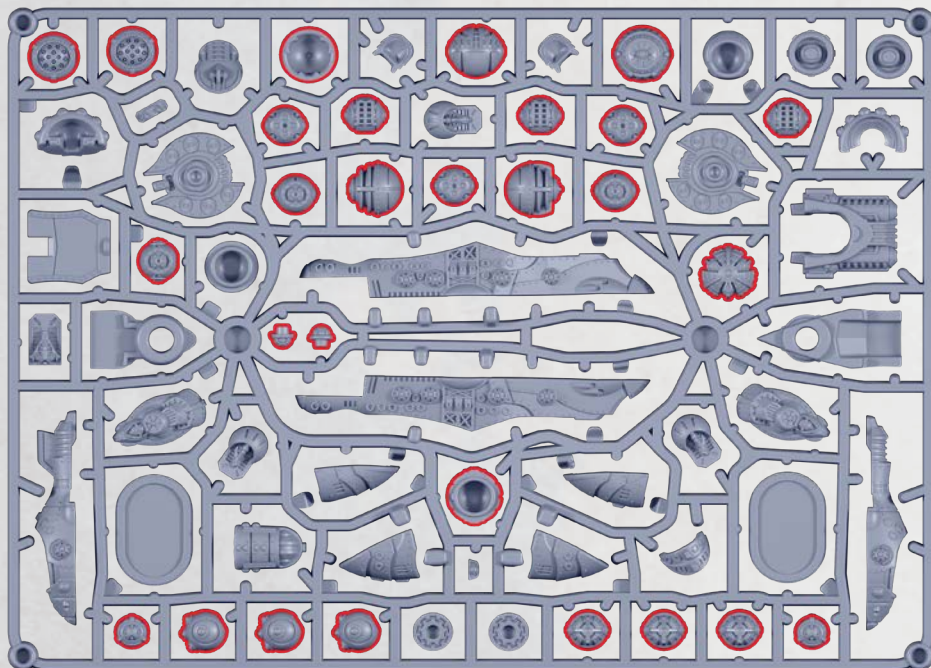

RINSE SPRUES IN WARM SOAPY WATER TO REMOVE ANY MOULD RELEASE BEFORE ASSEMBLY.

## ENLIGHTENED FRONTLINE SQUADRONS

**NOTE:** SOME MODELS MAY REQUIRE MORE THAN ONE SPRUE TO COMPLETE A BUILD.

**HINWEIS:** FÜR EINIGE MODELLE WERDEN ZUM FERTIGSTELLEN MÖGLICHERWEISE MEHR ALS EIN GUSSRAHMEN BENÖTIGT.

The **OUTLINED PARTS** indicated above are **optional hardpoints** used across multiple builds. The instructions overleaf will indicate Heavy (A) or Light (B) hardpoint options. Consult this faction's ORBAT for details on these **WEAPONS** and **UNIT PROFILES** for each model's options (*click the above links for their destinations*).

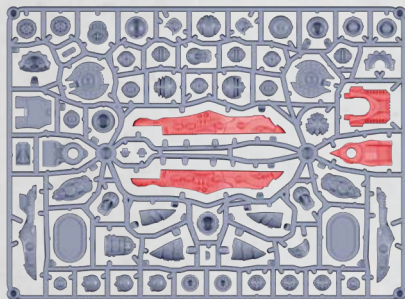

It is recommended these turrets are not glued in place, so they can be switched out between games.

Die oben **MARKIERTEN TEILE** sind **optionale Befestigungspunkte**, die in verschiedenen Konfigurationen verwendet werden können.

Die Anleitung auf der Rückseite zeigt die Optionen für schwere (A) oder leichte (B) Befestigungspunkte an. Details zu diesen **WAFFEN** und **EINHEITENPROFILE**, für die Optionen jedes Modells, finden Sie im ORBAT dieser Fraktion (*klick auf die obigen Links, um dorthin zu gelangen*).

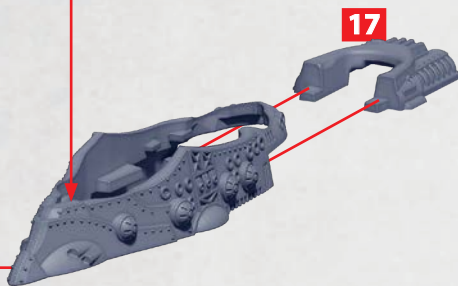

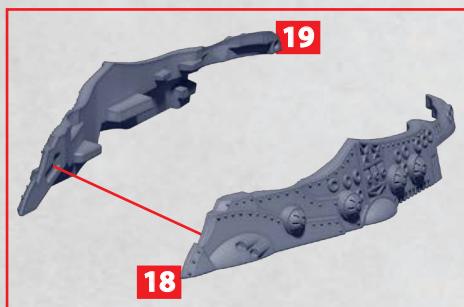

Es wird empfohlen, diese Geschütztürme nicht festzukleben, damit sie zwischen den Spielen ausgetauscht werden können.
