THIS UNIT HAS THE FOLLOWING SPECIAL RULES:

TEAMWORK, METTLE, THE QUICK AND THE DEAD, TARGET PRIORITY, (For more details see p.12 of the Rules)

QUICK DRAW: Once per Activation if this Unit successfully hits with a Shoot Action, it may make a second Shoot Action at the same or a different Target Unit for one Action Point rather than the usual two for a repeated Action. This second Shoot Action may not be made with weapons with the Indirect, Heavy or Special qualities.

RABBLE ROUSER: Any friendly or enemy Angry Mob Models within 7" of this Unit may Critically Fail or Critically Pass any Mind checks they are required to make (this Unit Player's choice). This Unit may not be the Initial Target of Angry Mob Units within 10". If an Angry Mob Model would be affected by opposing instances of this rule then this rule has no affect.

RAPPORT: Once per this Unit's Activation, this Unit may re-roll a single failed Check if this Unit is within 7" of any Civillians, HANDS or TROOPS Units.

SPLIT SHOT: This Unit may target different Units with each die from their weapon's Rate of Attack in a Shoot Action rather than having to resolve them against a single target Unit.
