### THIS UNIT HAS THE FOLLOWING SPECIAL RULES:

**TEAMWORK, METTLE, THE QUICK AND THE DEAD, TARGET PRIORITY,** (For more details see p.12 of the Rules)

**JURY-RIG AUTOMATA : SPECIAL ACTION** - This Unit must successfully pass a Mind Check to affect an AUTOMATA Unit within 5". The affected Unit returns a Model previously destroyed in the Adventure to their Unit, to be placed in coherency. The Model added cannot bring the number of Models in the Unit greater than the Unit's maximum number of Models. If the Check fails the AUTOMATA Unit is Stunned.

**OVERRIDE AUTOMATA: SPECIAL ACTION** - This Unit may target an AUTOMATA Unit (friend or foe) within 5". That targeted Unit must make a Mind Check. If the Check is passed, nothing happens. If the Check fails, a Model in that Unit (or the entire unit, if friendly) is Compelled and must immediately make a Move or Combat Action of this Unit's choice. This is a Free Action which cannot be Focused or use Fortune. For the duration of this Action, the Compelled Unit or Model counts as friendly to this Unit. You cannot compel Models with the LEGENDARY trait.

**SET BOOBY TRAPS:** After both sides are deployed but before Trailfinder rule, starting with Player B, each player may choose each of their Units with this rule. Place 2 (or place 1 & remove 1) Size 1 Booby Trap Marker in the Play Area. Alternate the selection of Units until all Units with this rule have placed or removed Markers. Markers may not be placed within 10" of another Marker or Model. During the Adventure, if any part of a Unit's Move Action takes place within 4" of the Marker then they have entered an area containing hidden traps. The Unit must pass a Quick Check for no effect. If the Quick check is a Critical Success remove the Marker. If failed, at the end of that Move Action, the Unit suffers an automatic hit with a Piercing -2. If the Quick check is a Critical Failure, the hit is Piercing -4.

**SHOULDER TO SHOULDER:** Models in this Unit gains +1 Grit while in base contact with another friendly Model with this rule. Models with the Mounted trait may not benefit from this rule.

**TRAPPER:** When using the Set Booby Traps rule, this Unit may instead remove up to two Size 1 Booby Trap Markers instead of the usual 1. This Unit critically passes the Quick check when making a Move Action within 10" of a Booby Trap Marker.
